

Mr. Wayne Barbour
Ellis Barbour & Sons Insurance & Real Estate
PO Box 879
Dunn, NC 28335

Dear Mr. Barbour:

I understand that you are a board member of Betsy Johnson Regional Hospital. As such, you are capable of lending a strong voice for changing Betsy Johnson's decision to fight Good Hope Hospital's replacement Certificate of Need application. I am writing to you to ask you to do just that. Please, stop Betsy Johnson's interference in the Good Hope Hospital replacement hospital project. Betsy Johnson's resistance to the new facility places unnecessary and costly obstacles and delays on Good Hope Hospital.

Betsy Johnson's attempts to block Good Hope's replacement hospital contradict the wishes of the people of Harnett County. Please, don't ignore the wishes of 85% of the people.

- Don't ignore the wishes of the Harnett County Board of Commissioners;
- Don't ignore the wishes of our North Carolina senators and representatives;
- Don't ignore the wishes of United States Congressman Bob Etheridge;
- Don't ignore the wishes of Harnett Forward Together;
- Don't ignore the wishes of the Harnett County Economic Commission;
- Don't ignore the wishes of the Harnett County Medical & Dental Society;
- Don't ignore the request by the Centers for Medicare & Medicaid Services, the government agency that regulates Medicare;
- Don't ignore the wishes of the EMS;
- Don't ignore the wishes of numerous civic organizations;
- Don't ignore the wishes of the community for emergency access to healthcare, and
- Don't ignore that the people should have a choice in healthcare.

Approximately 50% of the people of Harnett County leave the county for hospital services due to the age, condition, location, and lack of medical specialties of our current hospitals. This hospital project will be a positive factor to attract the specialists and primary care physicians that are greatly needed in our community.

Finally, a tax-exempt organization like Betsy Johnson should not use patients' funds to fight this community-supported project, particularly when those actions disrespect the express wishes of that community.

Harnett County residents deserve to have a choice when selecting healthcare providers and facilities, and they also deserve to receive the best care available today in a new, state-of-the-art facility. I firmly believe that opposition to the building of this new facility should cease immediately. The focus of any hospital should be on the delivery of top quality healthcare to all; therefore, I urge the Betsy Johnson Board of Trustees to stop its costly and disrespectful campaign against Good Hope Hospital's replacement facility project and against the citizens of Harnett County.

Sincerely,

Printed Name and Address

Mr. Dwight Snow
PO Box 397
Dunn, NC 28335
